

FINDING YOUR STATE LEGISLATOR

How to know who represents *you* under The Gold Dome!

Understanding who represents you in the Georgia General Assembly is key to ensuring your voice is heard. During Advocacy Days, GCDD wants to support you in connecting with your own legislators, empowering you to share your story directly with *your* elected officials.

FOLLOW THESE SIMPLE STEPS TO LOCATE YOUR REPRESENTATIVE AND SENATOR:

1. Understand What You're Looking For

This guide helps you find your state legislators, not federal ones. State legislators work in the Georgia General Assembly, which includes the House of Representatives and the Senate.

2. Visit the Plural Policy Website

Go to Plural Policy's website on your computer or mobile device. pluralpolicy.com/find-your-legislator/

3. Enter Your Address

On the homepage, locate the search bar where you can enter your address.

Find your Local Legislator.

Data here now has been updated to reflect the 2020-2022 redistricting process. Results here now show who currently represents you, under the new maps. See a possible error? Email support@pluralpolicy.com to let us know!

Known exceptions: Montana finalized their redistricting plan in 2023. Those new districts will be reflected when they go into effect in January of 2025.
